ALL-COUNTY LETTER NO. 96-07

TO: ALL COUNTY WELFARE DIRECTORS
 ALL COUNTY GAIN COORDINATORS
 ALL COUNTY CAL-LEARN COORDINATORS

SUBJECT: IMPLEMENTATION OF ASSEMBLY BILL (AB) 1371 AND AB 1617 REQUIREMENTS

REFERENCE: ALL-COUNTY INFORMATION NOTICE NO. I-44-95 DATED SEPTEMBER 27, 1995;
 AB 1371 (CHAPTER 306, STATUTES OF 1995); AB 1617 (CHAPTER 883,
 STATUTES OF 1995).

This letter is to provide county welfare departments (CWDs) with emergency regulations, implementation instructions, revised forms, notices, and contracts, and an interim Greater Avenues for Independence (GAIN) Guidebook necessary to implement provisions of AB 1371 and AB 1617. The attached regulations introduce GAIN program reforms and have an effective date of January 26, 1996.

Background

In the Spring of 1994, the Governor requested the California Department of Social Services (CDSS) to convene a work group to develop recommendations for improving the GAIN program. The Governor's GAIN Advisory Council (GAC) was established and in September 1994, the GAC released a report containing recommendations for improving the program with emphasis on increased employment focus, cost effectiveness, greater county flexibility, and program outcomes. The CDSS sponsored AB 1371 to enact the program reforms recommended by the GAC. These reforms are expected to result in Aid to Families with Dependent Children (AFDC) grant savings as more recipients obtain employment as a result of their participation in the GAIN program. The Department also sponsored AB 1617 to reorganize, correct, and clarify GAIN requirements as contained in GAIN law and regulations.

SUMMARY OF GAIN PROGRAM CHANGES AND IMPLEMENTATION INSTRUCTIONS

County GAIN Plans

Time Frames and Performance Objectives

Each county must submit a biennial county plan beginning in State Fiscal Year 1996-97 within two months of being notified of the county's planning GAIN allocation. The plan must identify the county's performance objectives for each of these fiscal years and include goals for the number of job placements, grant reductions, and grant terminations that reflect increased income from employment.

The Department will monitor each county's progress in meeting its performance objectives via the GAIN 25 statistical report. If the Department determines that a county is unlikely to meet performance objectives for the first year of its biennial plan, the county will be required to submit a plan update within 30 days of being notified by the Department. The update must describe those steps the county will take to enable it to meet its performance objectives for the following year. AB 1371 specifies that by June 30, 1996, CDSS must develop additional performance objectives based on outcome measures. The Department has established a state/county task force to develop these performance objectives.

Cost Reduction and County-identified Target Groups

If county resources are insufficient to serve all GAIN registrants, a cost reduction method for prioritizing registrants for services must be adopted by the county and specified in the county plan. The method must give existing participants the highest priority; all intake of new participants must be halted before removing existing participants from the program. To the extent that resources permit, existing participants must be allowed to complete the activities identified in their contracts. Existing participants include teen parents who have participated in the Cal-Learn program, participants who are between GAIN activities, and those who have been deferred from program participation. While in cost reduction, a county may expend up to 45% of its GAIN funds to serve persons in county-identified target groups with the remaining funds used to serve members of the Federal target populations. A county must give first priority to exempt and nonexempt volunteers within any group targeted for service and may not give lesser priority to any group due to the estimated cost of supportive services for that group.

Data Collection

Manual of Policies and Procedures (MPP) Section 42-720.71 (m) now requires the collection of data regarding the number of licenses, certificates, and degrees obtained by participants and the number of these participants who subsequently obtain related employment. To facilitate consistency in the collection of this data, MPP Section 42-710.3 includes specific definitions for "license," "degree," and "certificate." The CDSS will develop and release necessary data collection instructions after consultation with the counties.

Participant Contracts

It is not necessary to sign a contract with the participant at appraisal if she/he is to be referred directly to assessment for development of an employment plan and assignment of activities.

Alternative Work Experience (AWEX)

The Aid to Families with Dependent Children (AFDC) Unemployed Parent Work Experience Component (UWEX) has been renamed Alternative Work Experience (AWEX) and is now available to participants in both AFDC-Unemployed Parent (AFDC-UP) and AFDC-Family Group (AFDC-FG) cases.

Participation Requirements

Up-front Job Search

Following appraisal, participants will participate for three weeks in job search services unless they meet specified exception criteria. This three-week period may be shortened or lengthened with the written agreement of the participant in the participant contract. A participant will not be required, but may be permitted, to participate in job search immediately after appraisal if she/he:

- Is a custodial parent under age 20 who lacks a high school diploma or its equivalent;
- Lacks skills needed to secure and retain entry level employment in the local labor market;
- Lacks a high school diploma or its equivalent, wishes to participate in basic education, and has held but not retained two or more jobs in the two years prior to appraisal;
- Is participating in an approved self-initiated program (SIP);
- Has participated in a job search program during the six months prior to appraisal and the CWD determines additional job search services would not be beneficial; or
- Is returning to the county's GAIN program within two years, has previously received appraisal and job search services only, and has held but not retained two or more jobs during the two-year period.

Employment Plans

Participation in job search as described above will be under a preliminary employment plan reflected in the participant contract signed at appraisal. Upon completion of job search or a determination that participation in job search is to be delayed, most participants are assigned to assessment for the development or amendment of their employment plans. Assessment is not required to develop employment plans for persons in approved SIPs or participants in AFDC-UP cases who are subject to the work activity requirements of MPP Section 42-775. The plan

will identify the services needed to achieve the participant's employment goal and will be reflected in the participant contract or an amendment to the participant contract.

Concurrent Participation

The CWD may require concurrent participation in assigned activities if appropriate to the participant's ability and consistent with the employment plan. For persons not subject to the 20-hour limit, combined hours of participation must not exceed 40 hours per week.

Adult Basic Education (ABE)

Persons who lack basic literacy, mathematics, or English language skills, or a high school diploma or its equivalent, must be assigned to participate in ABE as appropriate and necessary to achieve their employment goals. The county is no longer required to use testing instruments provided by CDSS to determine when participants are to be assigned to, or to exit from, ABE.

Two-Year Limit

Except for an ABE assignment, a participant cannot be assigned to a program component that exceeds two years (or two academic years for classroom education or training). This limit may be extended once for up to six months for the same reasons that a SIP may be extended under existing regulations, i.e., additional time needed for basic skills instruction, classes not offered in the necessary sequence, or a personal or family crisis. In addition, the two-year limit, including the limit on approved SIPs, may now be extended if the participant has worked at least 10 hours per week at the minimum wage for six calendar months or more while participating in the program.

Participation After Completion of the Employment Plan

When a participant successfully completes the activities identified in her/his employment plan but does not obtain unsubsidized employment, she/he will be assigned to job search services for a period not to exceed limits in MPP Section 42-730.27. These limits no longer permit the assignment of 90 days of job search upon completion of an activity.

If job search efforts are unsuccessful for a person whose employment plan was based on appraisal, she/he will be referred to assessment for development of an amended plan.

Reappraisal

If job search efforts are unsuccessful after completion of a post-assessment employment plan, the participant will be referred to reappraisal, where the CWD will determine if there are extenuating circumstances that require additional education or training to achieve his/her employment goal. If additional training or education is necessary, it will be assigned under an amended employment plan and contract. If extenuating circumstances do not exist, and until this determination is reversed, the participant must be assigned to Pre-Employment

Preparation (PREP) or AWEX along with job search services. A county that is in cost reduction may choose to limit participation in PREP or AWEX to one year.

AFDC-UP Participation

An AFDC-UP participant who is subject to the work activity requirements of MPP Section 42-775 may be required to participate concurrently in job search, education, or training activities. Concurrent assignments for these participants are subject to MPP Section 42-775.4 and may be made to the extent they do not conflict with required work activities.

Implementation

The new participation and program flow requirements described above apply to all new program participants on the effective date of the regulations. They will apply to existing participants when the terms of their current contracts have been met as required in MPP Section 42-771.

CWD/Provider Agreements for Education and Training Services

In order to receive funds allocated by the Superintendent of Public Instruction for education and training services to GAIN participants, such as Job Training Partnership Act 8% funds, service providers are now required to discuss and jointly certify agreement with the CWD on the delivery of these services.

Evaluation

An evaluation may be scheduled by the CWD at any time it suspects a learning or medical problem that may prevent a participant from successfully completing or benefiting from a current or proposed program assignment. Based on the evaluation results, the CWD may assign activities as specified in MPP Section 42-773.2.

Post-Employment Services

When a GAIN participant becomes eligible for exemption due to unsubsidized employment, the CWD may provide case management and supportive services for up to the first 90 days of employment. These services shall only be available if they are identified in the county plan, are not available from other sources, and are needed for the individual to retain the employment. Other sources include, but are not limited to, the Supplemental Child Care (SCC) and Transitional Child Care (TCC) programs. An employed individual may receive case management and supportive services regardless of his/her eligibility for AFDC. The CWD cannot continue to provide these services if the number of participants it is able to serve declines by 10 percent or more in any year after this option is implemented.

Exemptions and Deferrals

Employment Exemptions and Deferrals

To be exempt or deferred due to employment, the GAIN registrant must be earning at least the state or federal minimum wage, whichever is greater. This requirement does not apply during the first six months of self-employment or employment compensated by commission.

To qualify for an employment deferral, GAIN registrants must now be employed at least 15 hours per week and participating in other approved activities that are similar to GAIN activities (e.g., job search, education, training, work experience) for a combined total of 30 hours a week. The requirements for this deferral may be met by working at least 15 hours per week while participating in an education or training program on a half-time basis by the provider's standards. If deferral criteria are met by participation in an education or training program, the individual must be making satisfactory progress in a program that will provide a license, certificate, or degree and lead to employment.

If the CWD denies the deferral because the education or training program will not improve the registrant's employability, the registrant may continue in the program if she/he can provide specified documentation demonstrating that the program will lead to employment.

Self-Initiated Education/Training Program Deferral

In order to meet criteria for this deferral, the education or training program now must lead to employment and must be a program to earn a license, certificate, or degree. If the CWD denies the deferral because the program will not lead to employment, the participant may provide documentation to dispute that determination as described above.

Deferral for Drug or Alcohol Dependence

If provided in the county plan, a CWD may limit deferral of those who are dependent on drugs or alcohol to persons who will enter or actively seek access to substance abuse treatment. A registrant will qualify for this deferral if: she/he is on a waiting list for treatment, necessary child care services are not available, or there is no appropriate program to meet the registrant's needs. A person who refuses to pursue treatment and who subsequently fails or refuses to comply with GAIN participation requirements, will not have good cause for noncompliance based on drug or alcohol dependence.

Implementation

Following are instructions for applying the new requirements above to individuals who are still exempt or deferred under exemptions or deferrals granted prior to the January 26, 1996, effective date of these regulations:

- Individuals who are exempt or deferred due to employment or drug/alcohol dependence should be notified of changes to these exemptions/deferrals as soon as possible. The mass informing notice TEMP 2114 entitled, "New Rules for GAIN Exemptions and Deferrals," is included with Attachment 5 and may be used for this purpose. It may be sent as a stuffer in a mailing to all AFDC recipients if it is not possible to send it only to individuals in exemptions/deferrals affected by the new rules it describes. The CWD should begin to apply the new requirements to these individuals during its regular exemption/deferral review process.

- To avoid interruption of programs in progress, the new requirement that a deferral be approved only for self-initiated education or training programs that lead to employment should not be applied to existing deferrals granted prior to January 26, 1996. The deferral should only be discontinued if the registrant fails to meet deferral criteria in effect at the time the deferral was granted.

Conciliation and Sanction

Nonresponsive Participants

Mandatory participants who fail to comply with program requirements, do not respond to the cause determination appointment notice, and are determined to be without good cause for their noncompliance are sent a conciliation/sanction Notice of Action (NOA) imposing financial sanctions if the dispute is not resolved during a 20-calendar-day period of conciliation. For AFDC-UP cases, the CWD must issue the second parent informing notice identified in MPP Section 42-781.63 when the conciliation/sanction NOA is sent to a nonresponsive first parent. The conciliation/sanction NOA does not schedule a conciliation appointment. The nonresponsive individual must contact the county, which will work with the individual to schedule an appointment at which she/he may present good cause evidence or agree in writing on a conciliation plan. The appointment may be carried out by telephone. If a nonresponsive participant schedules a conciliation appointment, but fails to keep it, the CWD must attempt to contact the individual to determine why the appointment was not kept. If the participant does not respond to the CWD's contact effort and sign a conciliation plan, sanctions will take effect the first of the month following the 20-day conciliation period.

If, after receiving the conciliation/sanction NOA, a participant signs a conciliation plan, but fails without good cause to fulfill its terms, the CWD must issue an additional sanction NOA to ensure that timely notice requirements contained in Division 22 are met. However, only one instance of noncompliance will be counted against the participant.

Conciliation Plans

To fulfill the terms of a conciliation plan, a participant must either successfully complete the agreed upon assignment(s) or participate for three months, whichever is shorter. When a participant stops participating in or fails to regularly attend an approved SIP and a determination of no good cause is made, his/her conciliation plan shall require participation in job search services as specified in MPP Section 42-772.8.

Sanctions

A participant may be subject to conciliation and sanction for failing or refusing without good cause to provide required proof of satisfactory progress in an assigned program activity, which now includes an approved SIP. Those sanctioned for failing without good cause to participate in an approved SIP must participate in job search services in accordance with MPP Section 42-772.8 in order to end their sanction.

Application of New Requirements

Individuals who entered the cause determination process prior to January 26, 1996, continue to be subject to the conciliation and sanction regulations in effect prior to that date. Those entering the cause determination process after January 26 are subject to the new conciliation and sanction requirements. This includes individuals who failed to comply prior to January 26, 1996, but whose noncompliance was not discovered until a later date.

Formal Grievance Procedures

The CWD is no longer required to establish formal grievance procedures based on Unemployment Insurance Code Section 5302. Formal grievance procedures established by the County Board of Supervisors remain available but are not to be used by noncomplying individuals who have already failed to conciliate. A state hearing may be requested to appeal a program requirement under those circumstances.

Changes Requiring Federal Waivers

There are two provisions of AB 1371 and AB 1617 that are not being implemented now because they require federal waivers. These provisions: (1) permit a county to reimburse employers for PREP supervision costs; and (2) remove the 20-hour-per-week participation limit for participants responsible for care of children aged three through five. These provisions will become effective when CDSS obtains federal approval of the waivers and develops implementing regulations.

GAIN Notices, Contracts, Forms, and Guidebook

Attached Revisions

Attachments 3, 4, 5, and 6 contain reproducible copies of new and updated GAIN NOAs, participant contracts, forms, and an interim version of the GAIN Guidebook. The attached NOAs, contracts, forms, and Guidebook, where applicable, have been revised to comply with regulations that implement AB 1371 and AB 1617 requirements.

The new transportation and ancillary expenses supportive services NOAs and the new contract forms are based on revisions developed by the CDSS/County Welfare Directors Association (CWDA) Forms Work Group. Samples of the revised NOAs and forms were issued in the Governor's GAIN Advisory Council Forms Work Group Report dated October 1, 1995.

CWDs are required to use the NA BACK 7 with the sanction NOAs and the EP 5 with the transportation and supportive services NOAs and with certain GAIN forms identified in Attachment 5.

Implementation

CWDs are required to begin using the new NOAs, contracts, forms, and GAIN Guidebook as soon as administratively possible. CWDs should discontinue using obsolete NOAs, contracts, forms, and GAIN Guidebook identified in the appropriate attachments, as well as any other unlisted revisions.

Camera-ready Copies

Counties may obtain camera-ready copies of the English and/or Spanish* versions of the attached NOAs, contracts, and forms by calling or writing:

Counties may obtain camera-ready copies of the attached NOAs, contracts, and forms upon translation into the four standard Asian languages by calling or writing:

CDSS Language Services Bureau

GAIN Guidebook

Counties should reproduce an adequate supply of the interim GAIN Guidebook, included in Attachment 6, until the permanent version is published. Camera-ready copies of the interim GAIN Guidebook will not be available from CDSS. Also, due to the amount of time required to translate a publication of this size, the interim GAIN Guidebook will only be available in English.

Although we are expediting the publication process, we anticipate that it will be approximately eight weeks before the permanent GAIN Guidebook will be available for ordering through the CDSS Warehouse. Counties will be advised of the availability of the permanent GAIN Guidebook via a Notice of Form Change (GEN 127). As with previous editions of the GAIN Guidebook, both the English and Spanish versions will be stocked in the CDSS Warehouse. Counties will be able to order camera-ready copies of the Asian language translations of the permanent GAIN Guidebook from the Language Services Bureau, at the address and phone number listed above.

~~42-600 INTRODUCTION TO THE WORK INCENTIVE DEMONSTRATION
PROGRAM (WIN DEMO)~~

~~42-600~~

HANDBOOK BEGINS HERE

11 Background

The Work Incentive Program (WIN) was created by the 1967 amendments to the Social Security Act (Title IV, Part C) approved January 21, 1968, as Public Law 90-248 to provide for training and employment of AFDC recipients. The training and employment aspects of the program were managed by the U.S. Department of Labor through state departments of employment. The primary focus of the program was to remove barriers to employment of AFDC parents by providing required supportive services to permit training necessary to secure employment.

In 1971, the Social Security Act was amended (Talmadge Amendment) approved December 28, 1971, Public Law 92-223 to shift the focus of WIN from job training to achievement of immediate employment of AFDC recipients. Program responsibilities were divided between field offices of the State Employment Development Department (EDD) (registration, appraisal, placement, and job services) and county welfare departments (casual referrals, exemptions, grant actions, appraisals, certifications, and supportive services).

In 1981, the Social Security Act was again amended (Public Law 97-233, Section 448 of SSA 142 USC 643yy) to provide for a WIN demonstration program as an alternative to the regular WIN program. The purpose of this alternative is to permit states to demonstrate the effectiveness and advantages of WIN program administration by a single agency, the state welfare agency. In 1984, the State Department of Social Services (SDSS) received federal approval for implementation of the WIN demo program in California for a three-year period. AB 881 (Chapter 522, Statutes of 1984) is the state enabling legislation which added Article 318 Work Incentive Demonstration Program, Welfare and Institutions Code Section 11347, to state law.

12 Program Requirements

Requirements for exemptions and sanctions of the regular WIN program remain in effect under WIN demo. The major changes resulting from the implementation of the WIN demo program are as follows:

- 121 Federal funding comes directly to SDSS rather than EDD;
- 122 Program administration and reporting responsibilities shift from EDD to SDSS;
- 123 SDSS contracts with EDD to provide employment and training services such as employment search activities, job placement and referral to other appropriate employment and training services;

- 124 The CWD is responsible for some of the operational activities together done by EDD staff. These activities include registration/selection for EDD participation, follow-up on registrants not under EDD supervision and deregistration.
- 125 Supportive services are arranged for or provided by the CWD before selected registrants report to EDD for employment search activities.
- 126 Both CWD and EDD staff handle cause determinations and conciliation depending on which agency is responsible for the recipient's WIN participation at the time of the failure to cooperate.
- 127 All WIN Demo appeals are conducted by SDSS through the state hearing system.

HANDBOOK BEGINS HERE

.15 The intent of regulations in Sections 42-772.1 through .126 is to require job search as the first assignment for any individual who may benefit from participation in job search services. In some cases, the regulations will require individuals who are already employed part-time to participate in job search activities to improve job search skills and obtain full-time employment. In those cases, the CWD is encouraged to schedule job search activities, to the extent possible, that do not conflict with the hours participants are working.

.16 Examples:

- (a) It is determined at appraisal that the participant is enrolled in a self-initiated program (SIP) that meets SIP approval criteria. The participant is not required to participate in job search as her first activity following appraisal, and an assessment is not required for development of her employment plan so that she may continue to participate in her self-initiated program. Job search will be required upon completion of the program.
- (b) The participant is determined at appraisal to lack the skills and education necessary for entry-level employment in the local labor market and is, therefore, not assigned immediately to job search. Following assessment and a period of participation in ABE, the participant and CWD agree, in writing, in the amended contract that she has acquired sufficient skills and education to benefit from job search services. To avoid interrupting ABE participation, the individual is scheduled to concurrently participate in ABE and job search after a determination that concurrent participation requirements could be met.

1211 This determination shall be subject to supervisory approval

1212 This determination shall include consideration of factors such as job opportunities in the labor market and the individual's recent job search efforts. The CWD shall be permitted to verify the recent job search efforts.

- .22 Participation in the chosen option shall be delayed for individuals who meet the conditions in 14 or 15 below except as specified in 143, 152, and 153 below.
- .2 Except as provided for an AFDC-U Parent in Section 42-772.24, the participant shall be assigned to GAIN job search, education, and/or training activities in accordance with an employment plan that is based, at a minimum, on consideration of the individual's existing education level, employment experience and employment goals; available program resources, and local labor market opportunities.
- .21 The employment plan shall specify the employment goal to be attained under the program, as well as the assignment(s) needed to achieve the employment goal.
- .22 Except as provided in Sections 42-772.23 and .24, the employment plan shall be developed on the basis of information received in an assessment that is performed upon completion of job search as required in Section 42-772.1, or a determination that job search is to be delayed in accordance with Section 42-772.12. The assessment shall meet the requirements of Section 42-773.1.
- .23 Notwithstanding Sections 42-772.2 and .22, the employment plan for a participant in a self-initiated program approved in accordance with Section 42-772.311 or .4, including a teen participant subject to Section 42-772.722, may be developed on the basis of an appraisal as required in Section 42-761.
- .24 Notwithstanding the provisions of Sections 42-772.2 and .22, the employment plan of the AFDC-U Parent who is required to participate in accordance with Section 42-775 shall meet the requirements of Section 42-775.1 and may be developed on the basis of either an appraisal or an assessment, as provided in Section 42-775.2.
- .25 Any assignment, or change in assignment, to a program activity in accordance with Sections 42-772 through 42-775 shall be included in the participant contract, or an amendment to the participant contract, as required in Section 42-771.
- .3 For any participant whose AFDC benefits have been discontinued two or more times within three years prior to GAIN registration due to his/her employment, the basic contract shall provide for an immediate referral to an assessment as specified in Section 42-773.
- .31 Referral to an assessment shall be delayed for individuals who meet the conditions in Sections 42-772.4 or 151 except as specified in Sections 42-772.43, 152, 153 and 158.
- .3 Except as provided for an AFDC-U Parent in Section 42-772.35 and a teen participant in Section 42-772.7, the participant shall be assigned to one or more of the education and training activities described in Sections 42-730.3 and .5, as appropriate and necessary to achieve his/her employment goal as specified in the participant contract.

- .31 Except as specified for teen participants in Section 42-772.7, a participant who lacks basic literacy or mathematics skills, a high school diploma or its equivalent, or English language skills shall be assigned to participate in adult basic education (see Section 42-730.51) as appropriate and necessary to achieve his/her employment goal.

- .321 The two-year period may be extended, one time only, for a period not to exceed six months if it is reasonable to expect that the component will be completed within the extended period and the individual has been unable to complete the component due to any of the following circumstances:
- (a) The individual's basic skills needs required more class time than was estimated at the commencement of the component.

- (b) The school or college did not offer required classes in a sequence that permitted completion of the component within the prescribed time period.
 - (c) A personal or family crisis prevented the individual from completing the component within the two-year period.
 - (d) The individual worked a minimum of 10 hours per week in employment paying at least the state or federal minimum wage, whichever is greater, for no less than six calendar months while participating in the assigned program.
- .322 Periods during which the individual has good cause for not participating, shall not count against the two-year limit.

- .342 If there is no provider contract with the CWD, the procedures in Sections 42-772.46 through .463 shall be followed to monitor attendance and progress.
- .35 The CWD may require an AFDC-U Parent who is required to participate in a work activity in accordance with Section 42-775 to participate concurrently in education and/or training activities. A concurrent assignment to a work activity and education/training are subject to the provisions of Section 42-775.4 and may be made to the extent they do not conflict with the participation requirements of Section 42-775.

- .4 The requirements of Section 42-772.3 shall not apply to ~~for~~ any participant who, at appraisal, is enrolled in, or attending in good standing, a self-initiated vocational training program or an educational program which ~~that is~~ will likely to lead to unsubsidized employment in an occupation in demand, is consistent with the participant's employment goal, and is approved by the CWD as provided in Sections 42-772.4 through .47. ~~the basic contract shall provide~~ The participant shall be allowed to continue participating for up to two calendar years of continued participation in the self-initiated program under the conditions and limitations in this section.
